PROFILE

Seeking Full-stack Developer Role with over 1 year of diverse internship experience at IIITDM Kurnool, TheWebBlinders, and Bambhari and more. Complemented by 6 months of freelancing and numerous project involvements. Dedicated to contributing to organizational success.

INTERNSHIP EXPERIENCE

Software Development Intern

IIITDM, Kurnool Nov 2023 - April 2024

- Contributed to the successful completion of the 'Alumni Relations Portal' project as part of a software development internship of duration 6 Months InCampus.
- Led backend development and database integration for the successful implementation of the project.
- Actively engaged in regular progress meetings with project mentor, refining optimization strategies and ensuring project alignment with objectives.
- Spearheaded the development of a robust system featuring Auto Email Triggering, Sha1 Encryption Standards, and **Google OAuth** for Authentication, ensuring enhanced security and seamless user experience.

Laravel Development Intern

TheWebBlinders, Kurnool Feb 2024 - April 2024

- Key contributor to 'Documentation Application for RealEstate Business using Laravel Orchid,' leveraging rapid application development techniques.
- Solely responsible for backend development using Laravel Orchid Library, facilitating auto-generation of frontend components.
- Collaborated bi-weekly with a team of 4 to ensure project alignment and flow optimization.
- Featuring auto-generated frontend user guides and multilingual admin capabilities for regional franchise management.

Software Development Intern

MakelnCollege Software Solution Pvt. Ltd., Hyderabad Aug 2023 - Sept 2023

- Engaged in daily Scrum updates and skill enhancement discussions.
- Gained profound insights into PHP OOPs concepts, software development principles, and basics of mobile app development.
- Contributed to the Convocation Project at JNTU Anantapur and explored various projects including Original Degrees Generation Application, Excel Sheet Generator from Database, and Scrum Master project.
- Conducted PHP programming sessions for learners at MakelnCollege during internship tenure.
- Built a comprehensive portal for interns and learners at MakelnCollege, enabling them to post scrums, submit allocated tasks, and update their profiles efficiently.

Wordpress Development Intern

CourseKhoj Jun 2023 - Aug 2023

- Contributed as a WordPress Developer Intern at Course Khoj, building the 'Intranet Operations' module and developing a project for the Scholarship Department section.
- Acquired advanced WordPress skills through remote learning, actively participating in team meetings and exploring WordPress themes, plugins, and templates.

PHP Development Intern

Bambhari Mar 2023 - May 2023

- Constructed Online Feedback System at Bambhari with Admin/User panels.
- Enabled dynamic student addition via Excel, tracked submissions, and integrated Google OAuth/PDF generation for enhanced functionality.

REALTIME-PROJECTS

ProTechElevate (protechelevate.in)

ProTechElevate Software Solutions Pnt. Ltd.

- Built 'Protechelevate,' a company website for Protechelevate Software Solutions Pvt. Ltd., enabling student registrations for training and internships, and facilitating client lead generation.
- Developed user and admin panels for task management, domain assignment, user communication, and robust administrative controls.
- Implemented features for bulk user management, registration handling, career opportunities, quote management, and active user participation.

Hommlie Services (hommlie.com)

Hommlie Services in Bangalore

- Developed 'Hommlie Services,' a website for pest control and home cleaning services, with advanced and optimized features.
- Implemented automatic order placement based on location and assignment of roles and timeslots to employees.
- Created a Gantt dashboard for tracking ongoing services and an advanced inventory management system for comprehensive history tracking.

Online Feedback System

For Rayalaseema University College of Engg, Kurnool

- Developed a comprehensive online feedback system with separate admin and user panels.
- Admin privileges include activating/deactivating feedback forms and direct upload of student data via CSV or Excel, stored in the database.
- Utilized the FPDF library in PHP for dynamic PDF report generation, accessible to admin upon completion of student feedback submissions.
- Ensured secure login system with Google OAuth integration for enhanced authentication.

YeloCabs (yelocabs.in)

Cars & Bike Rental Company

- - Created YeloCabs, an innovative platform offering convenient car and bike rental services.
- - Designed to meet diverse transportation needs, YeloCabs provides users with easy access to a range of vehicles for their travel requirements.

College Website (ruce.ac.in)

Rayalaseema University college of Engineering, Kurnool

- Developed a static college website, meticulously showcasing the institution's environment, infrastructure, departments, and features.
- Designed to provide visitors with a comprehensive overview of the college's offerings and facilities, enhancing its online presence and appeal.
- Conducted weekly meetings with the college principal to discuss website architecture and content strategies during the project development phase.
- Ensured alignment with the college's vision and goals, incorporating feedback and insights to create a tailored online platform reflective of the institution's ethos.

Alumni Network Engagement Portal

Rayalaseema University College of Engineering, Kurnool

- Features a public page, user panel, and admin panel, offering Google OAuth and regular login options.
- Implemented an approval system for alumni registration, enabling profile updates, networking, chat functionalities, opportunity posting, and blog/project sharing, subject to admin approval before public visibility.
- Incorporated a donations page within the alumni portal, facilitating contributions via the Razor payment gateway.
- Enhanced alumni engagement by offering a platform for financial support through seamless and secure transactions.
- Implemented a comprehensive website language translator using the Google Translator API.
- Implemented an AI-based chatbot, enhancing user experience and accessibility through innovative technology integration.

Convocation Portal

Rayalaseema University, Kurnool

- Engineered a comprehensive solution for streamlining student registration for convocation participation.
- Seamlessly integrated the SB i-collect payment gateway for convenient convocation fee payments, alongside implementing various student data filtering functionalities.
- Collaborated in a team of 2 members, regularly engaging with university stakeholders to gather requirements and showcase project progress. Received a memento from the Vice Chancellor of Rayalaseema University following the successful convocation.

Chardham Website

Travel Agency in Uttarakhand

- Successfully designed and implemented a fully responsive & Dynamic website for the Travel Agency to get the users to get chardham Trip.

AwesomeAdvertising (awesomeadvertising.in)

Digital Marketing Agency

- Developed a website for a Digital Marketing Agency, highlighting their services such as SEO, social media marketing, web development, video editing, and graphic designing.
- Incorporated an admin panel for seamless management of the site's content and services.
- Empowered the client to effortlessly showcase their agency's features and efficiently handle operations through the admin panel.

Divydestination

Tours & Travels Site

- Created 'DivyDestination', a tours and travels website catering to a client in Uttarakhand.
 - Offered diverse services including car and bike rentals, Chardham packages, hotel bookings, trekking, and airport transfers.
 - Implemented automated email notifications for bookings, seamlessly integrated with the admin panel for efficient management and tracking.
-
